

# Piano Practice Chart

**Student Name:** \_\_\_\_\_

- **Check Your Posture:** Are your fingers, arms, head, shoulders, back, legs, and feet in the right position and ready to play?
- **Finger Power:** Play all the finger power that you've learned in the unit you're working on.
- **Practice a New Song:** Sing the song without playing while moving hands up and down with the melody. Play the song while singing 4x (adjust as needed for age and ability). Try using RH, LH, or hands together. For more fun, try a practice game.
- **Review:** Play each of the songs you've already learned in your current unit. For more fun, use the Practice CD tracks to play along with. Also, try one of these "Super Challenges": play using LH, play hands together, eyes closed, sing the solfege or letter names while you play.
- **Piano Fun Time:** Spend some time improvising, composing, or doing a worksheet or activity from the lesson materials.

**Week of:**

Unit #:	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6
Check your posture						
Finger Power						
Practice a new song, 4X or play a practice game						
Review songs already learned in this unit						
Piano Fun Time
