

# Pentascle Matching Game

**Levels:** Elementary

**Units:** 1-2

**Number of players:** 1 or more

**Time:** 3-5 minutes

**Description:** Cut all cards and scatter all over floor, face up, scattered. Match the right pentascale with the correct name, plus major or minor. This is a great review game once all pentascales are already learned.

**Easier modifications:** If your student has trouble with major v. minor, first put all pentascales into two stacks - one major stack, and one minor. That way, the student can focus on one thing.

**Challenge 1:** Complete in under [choose number] minutes

**Challenge 2:** Put cards into two stacks, pentascale and name, and hide the stacks in two places in the room.

**Challenge 3:** Leave them all face down, and make it a memory game

**Challenge 4:** Write scales on the staff

Happy music making,

The Hoffman Team

## Answer Key

**D**  
Minor

**G**  
Minor

**C**  
Minor

**G**  
Major

**C**  
Major

**D**  
Major
